

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

**Big Lie - A Big Lie is a propaganda technique.** The expression was coined by Adolf Hitler, when he dictated his 1925 book Mein Kampf, about the use of a lie so "colossal" that no one would believe that someone "could have the impudence to distort the truth so infamously."  
- Wikipedia

'If you tell a big enough lie and tell it frequently enough, it will be believed.'  
— Adolf Hitler

'A lie told once remains a lie but a lie told a thousand times becomes the truth.'  
— Joseph Goebbels, Nazi propaganda minister

“This and no other is the root from which a tyrant springs; when he first appears he is a protector.”  
— Plato

“Those who trade liberty for security will end up with neither.”  
— attributed to Benjamin Franklin

**Who is Bill Gates?** A software developer? A businessman? A philanthropist? A global health expert? This question, once merely academic, is becoming a very real question for those who are beginning to realize that Gates' unimaginable wealth has been used to gain control over **every corner of the fields of public health, medical research, [media] and vaccine development.** And now that we are presented with the very problem that Gates has been talking about for years, **we will soon find that this software developer with no medical training is going to leverage that wealth into control over the fates of billions of people.**  
— James Corbett

**“The coronavirus has shown that the world can easily be manipulated through fear by controlling the media, academia and medicine.”**  
— Attributed to Jim Carey

War is just a racket. A racket is best described, I believe, as something that is not what it seems to the majority of people. **Only a small inside group knows what it is about. It is conducted for the benefit of the very few at the expense of the masses.**  
— US Marine Corp Major General Smedley Butler (1933)

In this paper I document evidence that during this 2020 “COVID-19 Pandemic” we are being fed **Big Lies** by an untrustworthy elite, a small technocracy of experts, scientists, politicians and bureaucrats, many of whom have serious conflicts of interest as they are funded by the very deep pockets of multi-billionaire capitalists with vested interests in the vaccine and Big Tech digital industries. Whilst repeating loudly the mantra of “protection and safety”, I fear in reality they are leading humanity to a very dark, dystopian place, and I see your government, and indeed most every government around the world, as a part of the problem and not a part of the solution.

Adding to the urgency of this document, the Australian government has recently committed to purchase ten million doses of an experimental mRNA (messenger ribonucleic acid) vaccine which it will strongly encourage all Australians to take, and will record in each individual's digital Health Register if they have received the vaccine. I and many others find this extremely disturbing. DNA, the molecule carrying the genetic instructions of life, was only first observed in 1869, and modern investigation has only been going on for around 70 years, and yet we are going to risk granting large pharmaceutical companies complete indemnity whilst they make multiple billions of dollars producing these lucrative, experimental drugs that will modify the genetic structure of millions of Australians, and those who don't comply risk being discriminated against, such as being forbidden to travel, work or attend large gatherings.

As I see it, this mRNA “vaccine” is not a vaccine in the traditional sense. It is an experimental injectable technology that has never been used before in humans, and I refuse it and once you have read the evidence below I hope you will too.

It is for this and many other reasons that I outline in this document that I plan for our business to join a Global Class Action lawsuit (currently being initiated by Dr Reiner Fuellmich and others) to prosecute for this Corona Scandal which amounts to Crimes Against Humanity as put forward by the German Corona Investigative Committee.

This Corona Committee has taken testimony from a large number of international scientists and experts since July 10, 2020 and concluded that the corona crisis must be renamed the “Corona Scandal” and concludes that it is:

- The biggest tort case ever
- The greatest crime against humanity ever committed
- Many scientists call this a PCR-test casademic, not a corona pandemic
- Very healthy and non-infectious people may test positive
- Likelihood of false-positives is 89-94% or near certainty
- Mainstream media completely failed to report the true facts of the so-called pandemic
- Politicians and mainstream media deliberately drove populations to panic
- Evidence of giant health and economic damage to populations
- Bankruptcies are expected in small and medium-sized businesses

Those responsible must be:

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

- Criminally prosecuted for crimes against humanity
- Sued for civil damages

The scientists consulted by the Corona Investigative Committee include Professor John Ioannidis of Stanford University in California, a specialist in statistics and epidemiology, as well as public health, and at the same time the most quoted scientist in the world; Professor Michael Levitt, Nobel prize-winner for chemistry and also a biophysicist at Stanford University; the German professors Kary Mölling, Sucharit Bhakti, Klud Wittkowski, as well as Stefan Homburg; and now many, many more scientists and doctors worldwide are speaking out, including Dr. Mike Yeadon. Dr. Mike Yeadon is the former Vice-President and Scientific Director of Pfizer, one of the largest pharmaceutical companies in the world.

It is important to note that in 2009, shortly before the H1N1 swine flu pandemic was declared by the WHO, the clause about “many serious illnesses and deaths” was removed from the requirement to announce a pandemic.

There are in fact networks of thousands of doctors and scientists speaking out saying that there is a better way to handle the coronavirus pandemic. For example, the COVID Medical Network in Victoria consists of doctors who are a group of senior medical doctors and health professionals who are concerned about the health impacts of the lockdowns used in response to the SARS-CoV-2 outbreaks in Victoria and across Australia. The Victorian government’s response to the SARS-CoV-2 virus is now doing more harm than good. Many Australian doctors and other health professionals consider the lockdown measures to be disproportionate, unscientific, excessively authoritarian and the cause of widespread suffering for many Victorians.

<https://covidmedicalnetwork.com/about-covid-medical-network/declaration-statement.aspx>

**Open letter to the world** - We the undersigned call upon the UK government, governments of the World and the Citizens of the World, to stop all lockdown measures immediately.

<https://worlddoctorsalliance.com/ims/WDAOpenLetter.pdf>

Similarly, hundreds of doctors and health professionals in Belgium have expressed their serious concerns and have called for an end to all measures and asked for an immediate restoration of normal democratic governance and legal structures and of all civil liberties. Doctors have written books and made speeches decrying COVID-19 as a hoax. For example, Dr. Roger Hodgkinson, ex-Chairman of the Royal College of Physicians and Surgeons Examination Committee in General Pathology in Ottawa, former Assistant Professor and now the CEO of a biotech company that manufactures Covid tests, tells Government officials in Alberta (on the Community and Public Services Committee) that the current coronavirus crisis is “the greatest hoax ever perpetrated on an unsuspecting public”. He emphasises that the PCR tests are unreliable and masks are useless, among other things.

Meanwhile in NSW a police officer, Alexander Cooney Senior Constable Coffs/Clarence Highway Patrol, has written a letter, signed by a number of his colleagues, to NSW Commissioner of Police Michael Fuller to raise concerns the police have about the use of the police to enforce the ongoing restrictions placed upon citizens relating to COVID-19. He warns that the initial modelling forecasts of death and illness had serious calculation errors and the PCR tests are unreliable and there is a global dictatorship taking place.

Before I continue, please allow me to introduce myself. I was born in Perth, Western Australia in 1967 and graduated from UWA with a double major in Computer Science and IT in 1991. I have worked in government departments and for private corporations in IT support, service desk, application support and as an incident management analyst for WA Health, amongst other things. As an analyst I had to sift through complex data of computer incidents and document the evidence to discover a root cause. As service desk for WA Health I had to check for Conflict of Interest of anyone coming to work on the Health account – an important step, as in this Corona Scandal there are many major players who have serious conflicts of interests, particularly in terms of shares in Big Pharmaceutical vaccine companies and government and private positions of power that they hold.

This year from April to June 2020 I was working at King Edward Memorial Hospital on the sixth floor that was designated as a COVID overflow ward, that remained completely empty. I saw the uptake of Microsoft Teams video conferencing and remote doctor’s appointments (tele-health), but zero evidence of any justification for the “Social Distancing” signs, warnings in the elevators, X’s on the floor and COVID screening etc. that sprang up around the hospital. I then worked in the city, and I note during my daily commute on the train, despite all the COVID Social Distancing signs everywhere, the passengers are often crowded onto the peak hour train carriages shoulder to shoulder, with no possibility of observing a 1.5 metre distance, and I see very few masks and no one seems concerned about any virus. Despite all the warning signs near the elevators about physical distancing, people still crowd in. I counted 11 people in an elevator that theoretically was only meant to have four people, with one standing in each corner.

In fact, I would argue that all the plastic shields in shops and fear of dirty cash, X’s on the floor showing people where to stand, eliminating hand shaking for bumping elbows, changing cross walk signals to elbow bump symbols, putting dangerous hand sanitisers everywhere, masking, feet symbols in the elevators, government Social Distancing and hand washing instruction signs, COVID-safe plans, COVID marshals, endless looping of social distancing messages over the PA systems in shops, school and border closures, the lockdowns and stay at home orders, clapping and congratulating medical staff and essential workers etc. are unjustified and are being used as social engineering techniques that target the weak-minded and gullible. In Singapore, robot dogs were used in public parks to warn humans to social distance – do we want robots telling humans what to do?

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

I believe there were many empty COVID hospital wards like the one I worked on during this so-called 'pandemic', and mobile hospitals were set up at great cost around the world, that never saw a patient. Great profits were made from selling Personal Protective Equipment such as masks and gloves which only add to the already serious plastic pollution problems the planet is experiencing. The faulty PCR testing and 'cases' in no way justifies what Dan Andrews or Boris Johnson or other politicians are doing. I have seen videos of nurses and doctors speak out eloquently against this Corona Scandal, although they risk their voices being censored, losing their jobs or even being arrested.

There is strong evidence that many deaths of the elderly were due to putting sick people into nursing care homes and putting people on dangerous ventilators, for which hospitals got paid extra. The numbers of COVID deaths have been inflated by falsely ascribing deaths as COVID when they clearly weren't and the PCR tests, which are amplified up to 45 times, produce a large number of false positives, which mean little, as I'm sure the outspoken Nobel prize winning inventor of the test Kary Mullis would have agreed.

And behind everything that is happening are large, wealthy powers such as the Bill & Melinda Gates Foundation, the George Soros Open Societies Foundation and the Rockefeller Brothers Foundation, amongst others, people who are not elected and yet are gaining unaccountable power in this modern bio-security state via chanting the mantra of "public protection and safety".

As an analyst and a lay student of psychology and anthropology, when I see the timeline of events surrounding this pandemic, it strikes me that social engineering mind-control programming is in process on a global scale. What is being created is what many term as a "Cult of Covid", a hermetically sealed belief system that is impenetrable by facts, created by a constant global repetition of messaging on media, the Internet, public transportation, shopfronts, government buildings, restaurants, hospitals and many other places, with dissenting viewpoints being increasingly censored.

In my opinion, I agree with lawyer Dr Reiner Fuellmich, that this is the biggest crime against humanity ever committed.

### Timeline of Events

Below is a Partial Timeline of the events in history, including a list of exercises/simulations/drills and meetings, that I believe bring us to the COVID-19 Corona Scandal of today. Seeing as I am arguing that this Corona Scandal is a deliberate conspiracy of a small group of conspirators who are primarily interested in wealth and power, I focus on those things below. Please consider (note there were similarly also exercises/simulations/drills running around September 11 2001 and the London 7/7 Tube bombing):

I begin by observing that throughout **the last ten thousand years of human history**, there have been small groups of people who have sat at the very top echelons of various human hierarchies – call them **pharaohs, caesars, emperors, kings & queens, czars, chancellors, princes, warlords or (increasingly in the modern era) prime ministers, presidents, billionaires, central bankers and hedge fund managers** – these small groups of people, often through their control of extraordinary wealth, have exerted their power to perform many things, such as building pyramids, great walls or expanding empires – some of these things good, some bad and most somewhere in between, depending on one's perspective. I personally think humanity allowing such great wealth and power to become concentrated into so few hands is unwise, however, if it is to be so, then I sincerely believe that this small 0.000001% of humanity should have a social contract that promotes freedom (written or unwritten) with the billions of people whose lives their decisions affect.

**30 AD (approx.) – Money-changers: The only occasion Jesus is recorded to use physical force**, when he makes a scourge of cords to drive the money-changers out of the temple. Many argue that act sealed his fate.

Now let's move on to the year 1302 AD.

**1302 – Papal Bull 'Unam Sanctam', in which Pope Boniface VIII asserted his rights against King Phillip the Fair of France**, is a landmark in the history of the doctrine of Papal Primacy. The 1913 Catholic Encyclopedia says: "The Bull lays down dogmatic propositions on the unity of the Church, the necessity of belonging to it for the attainment of eternal salvation, the position of the Pope as supreme head of the Church, and the duty thence arising of submission to the Pope in order to belong to the Church and thus to attain salvation. - in the writings of non-Catholic authors against the definition of Papal Infallibility, the Bull ... was used against Boniface VIII as well as against the papal primacy in a manner not justified by its content. The statements concerning the relations between the spiritual and the secular power are of a purely historical character, so far as they do not refer to the nature of the spiritual power, and are based on the actual conditions of medieval Europe. 'Unam' is frequently quoted, and misquoted, by anti-Catholics trying to prove that Boniface VIII, and Popes in general, are arrogant and evil men, intent on extending their own power."

**This authority**, however, (though it has been given to man and is exercised by man), **is not human but rather divine**, granted to Peter by a divine word and reaffirmed to him (Peter) and his successors by the One Whom Peter confessed, the Lord saying to Peter himself, 'Whatsoever you shall bind on earth, shall be bound also in Heaven' etc., [Mt 16:19]. **Therefore whoever resists this power thus ordained by God, resists the ordinance of God [Rom 13:2]**

**Furthermore, we declare, we proclaim, we define that it is absolutely necessary for salvation that every human creature be subject to the Roman Pontiff.**

<http://web.mit.edu/aorlando/www/SaintJohnCHI/Church%20History%20Readings/Boniface%20VIII%20-%20Unam%20Sanctam.pdf>

I chose to add this here because the Vatican continues to be a very powerful force in the world down to this day.

**1600 – East India Company chartered by British royal family.** It made vast fortunes in the opium drug trade with China and became the largest company on earth in its time.

**1662 – The Crown of England grants permanent charter to the East India Company** to export silver to India which enables a very lucrative trade for gold and the further rise of the bankers.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

**1666 - East India Company vastly expands charter.** World monetary system changed which introduces hitherto unknown financial panics.

**1700s - The American Colonies exercise their fundamental right to create and issue their own money,** which Benjamin Franklin said made them strong and independent. The British banking cartel tries to eliminate this.

**1775 – After many years of insults and injury through taxes and financial manipulation, the Stamp Act** turns colonists into revolutionaries and the American War of Revolution begins.

**1776 – Britain begins shipping convicts, settlers, soldiers, land holders and other colonists to its new colony, Australia**

The Crown gains control over expanding billions of hectares in the “new south land” that it can add to its portfolio.

**1913 - The Rockefeller Foundation (RF),** an American private foundation based at 420 Fifth Avenue, New York City was established by the prominent Rockefeller family in New York State on May 14, 1913, when its charter was formally accepted by the New York State Legislature.

**1913 – American Cancer Society establish by the Rockefeller Foundation.**

**1913 – The private banking cartel, the Federal Reserve, implemented on Christmas eve,** when most congress men were at home, under the Woodrow Wilson administration, giving the Fed enormous leverage over issuing money, which power has grown today. This cartel was organised in secrecy on Jekyll Island by a small band of extremely wealthy banking conspirators.

**1916 - The School of Hygiene and Public Health at Johns Hopkins founded with funding from the Rockefeller Foundation (RF).** This school is used to promote oil-based, pharmaceutical, patentable medicines as being superior to the natural plant-based cures which had hitherto been popular for many centuries. This has grown to become today’s multi-trillion-dollar pharmaceuticals industry with giants such as Pfizer, AstraZeneca and other Big Pharma companies. 100 years later medical colleges are producing doctors who understand absolutely nothing about holistic practices or the benefits of nutrition or herbs and corporations have enslaved whole societies for their “safety.”  
<https://rockfound.rockarch.org/public-health-at-johns-hopkins>

**The Rockefeller linked Johns Hopkins university** will feature very prominently in the 21<sup>st</sup> Century in the midst of this Corona Scandal. The author here has some important questions: <https://needtoknow.news/2020/03/need-to-know-connection-between-the-rockefeller-foundation-johns-hopkins-university-and-the-bill-and-melinda-gates-foundation/>

**1928 – Edward Bernays, the nephew of Sigmund Freud, publishes his seminal work, PROPAGANDA**

“The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country. ...We are governed, our minds are moulded, our tastes formed, our ideas suggested, largely by men we have never heard of. This is a logical result of the way in which our democratic society is organized. Vast numbers of human beings must cooperate in this manner if they are to live together as a smoothly functioning society. ...In almost every act of our daily lives, whether in the sphere of politics or business, in our social conduct or our ethical thinking, we are dominated by the relatively small number of persons...who understand the mental processes and social patterns of the masses. It is they who pull the wires which control the public mind.”

**1932 – Brave New World:** a dystopian social science fiction novel by English author Aldous Huxley. Largely set in a futuristic World State, whose citizens are environmentally engineered into an intelligence-based social hierarchy, the novel anticipates huge scientific advancements in reproductive technology, sleep-learning, psychological manipulation and classical conditioning that are combined to make a dystopian society which is challenged by only a single individual: the story's protagonist. (Wikipedia)

**1933 – Major General Smedley Butler, retired, twice decorated USMC says he was a racketeer, a gangster for capitalism:**

War is just a racket. A racket is best described, I believe, as something that is not what it seems to the majority of people. Only a small inside group knows what it is about. **It is conducted for the benefit of the very few at the expense of the masses.**

<https://fas.org/man/smedley.htm>

I mention this here because it describes COVID-19 perfectly - **a racket, conducted for the benefit of a very few at the expense of the masses.** Butler also provided compelling evidence that he had helped foil a fascist conspiracy to gain control of the White House by a small group of admirers of the practices of men such as Hitler, Mao, Stalin and Mussolini (in Italy), when he was conscripted to lead an uprising of military vets who would then be abused by the new fascist administration. Butler refused to collaborate and testified against the conspirators, though no charges were ever laid. (see The Plot to Seize the White House and many articles).

**1938 – The Idea of a Technocracy that Rules Over Mankind is Established**

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

“Technocracy was defined very succinctly in 1938 by their own publication The Technocrat’s Magazine. They call it **a system of scientifically engineering society**. They believed that they alone were the only ones that could run society correctly. As a result of technology having come in and change the fabric of society, they hated politicians, they hated the establishment, the organization of society the way it is because it was not efficient, it was not conservation based if you will to conserve resources. **So they took it upon themselves to define the economic model that would replace capitalism and free-enterprise and that’s exactly what it was, a replacement of the economic system.**”

Drawing on Henri Saint-Simon’s call for a scientifically-organized socialist system, the positivism and secular humanism of Auguste Comte, and the “Principles of Scientific Management” propounded by Frederick Taylor, the technocratic movement emerged from the same environment of progressivism, positivism and social Darwinism that birthed eugenics. Just as the eugenicists believed the human race could be improved through selective breeding controlled and administered by a small group of scientists and their billionaire backers, so, too, did the technocrats believe that they could improve the social and economic conditions of humanity by controlling and administering society. And, happily enough for the oilgarchs, the technocrats would improve the world by replacing money with energy certificates.

<https://www.sgtreport.com/2017/09/2017-9-23-a-brief-history-of-technocracy/>

I mention this here because I am arguing that COVID-19 is a global psyop (psychological operation) and Brave New World, 1984 and other dystopian ideologies provide models of how it might evolve.

Here Field Manual (FM) 3-05.301 presents tactics, techniques, and procedures for implementing United States (U.S.) Army Psychological Operations (PSYOP) doctrine, Psychological Operations. FM 3-05.301 provides general guidance for commanders, planners, and PSYOP personnel who must plan and conduct effective PSYOP across the full spectrum of operations. This manual also provides guidance for PSYOP personnel to accomplish a broad range of missions successfully, using the latest organizational structure, terminology, and capabilities.

### 1940 - H. G. Wells publishes a short book – The New World Order

THERE WILL BE NO day of days then when a new world order comes into being. Step by step and here and there it will arrive, and even as it comes into being ...

Countless people, from maharajas to millionaires and from pukka sahibs to pretty ladies, will hate the new world order, be rendered unhappy by frustration of their passions and ambitions through its advent and will die protesting against it. When we attempt to estimate its promise we have to bear in mind the distress of a generation or so of malcontents, many of them quite gallant and graceful-looking people.

[https://www.voltairenet.org/IMG/pdf/Wells\\_New\\_World\\_Order-3.pdf](https://www.voltairenet.org/IMG/pdf/Wells_New_World_Order-3.pdf)

### 1942 – Establishment of the United Nations with Rockefeller money.

### 1944 – Bretton Woods monetary system established making the US dollar the global reserve currency.

**1940s – to present – CIA Operation Mockingbird** is created to infiltrate the media and concentrate on “propaganda, economic warfare; preventive direct action, including sabotage, anti-sabotage, demolition and evacuation measures; subversion against hostile states, including assistance to underground resistance groups, and support of indigenous anti-Communist elements in threatened countries of the free world.” With mainstream media now controlled by six giant mega-corporations and alternative voices being targeted and silenced, many argue today, with 90% of media ownership consolidated by 6 mega-corporations, Operation Mockingbird is moving into overdrive.

[https://en.wikipedia.org/wiki/Operation\\_Mockingbird](https://en.wikipedia.org/wiki/Operation_Mockingbird)

<https://www.corbetteport.com/how-the-cia-plants-news-stories-in-the-media/>

**1941 to 1945 – The Manhattan Project** was a project that employed MORE THAN 100,000 people to split the atom and develop nuclear weapons, however “probably no more than a few dozen men in the entire country knew the full meaning of the Manhattan Project, and perhaps only a thousand others even were aware that work on atoms was involved.”

[https://en.wikipedia.org/wiki/Manhattan\\_Project](https://en.wikipedia.org/wiki/Manhattan_Project)

I mention this to demonstrate that large scale operations can be conducted with most people participating being unaware of what they are doing. Similarly today it seems there is a new Manhattan Project to create a general Artificial Intelligence (AI) with possibly billions of people participating, click by click, to train and develop a fusion between Google’s DeepMind and China’s Sky Net AIs.

**1945 - 1959 – Operation Paperclip**, a secret program of the Joint Intelligence Objectives Agency (JIOA) largely carried out by special agents of Army CIC, in which more than 1,600 German scientists, engineers, and technicians, such as Wernher von Braun and his V-2 rocket team, were taken from Germany to the United States, for U.S. government employment, primarily between 1945 and 1959. Britain, France and the Soviet Union also sought to enlist these German scientific experts. These people worked in NASA, the CIA and various other government entities and were never held to account for their war crimes.

**1946 – At the Nuremberg Trials:** “Why of course the people don't want war. Why should some poor slob on a farm want to risk his life in a war when the best he can get out of it is to come back to his farm in one piece? Naturally the common people don't want war neither in Russia, nor in England, nor for that matter in Germany. That is understood. But, after all, it is the leaders of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked, and denounce the peacemakers for lack of patriotism and exposing the country to danger. It works the

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

same in any country.”

— Herman Goering, German politician, military leader, leading member of the Nazi Party, founder of the Gestapo and the head of the Luftwaffe. [https://en.wikiquote.org/wiki/Hermann\\_G%C3%B6ring#The\\_Nuremberg\\_Interviews\\_\(2004\)](https://en.wikiquote.org/wiki/Hermann_G%C3%B6ring#The_Nuremberg_Interviews_(2004))

I mention Goering’s statement here, because it has remarkable similarities to the three wars that are currently being waged in our 21<sup>st</sup> Century – the global war on terror, the global war on carbon emissions and the global war on the coronavirus. **“All you have to do is tell them they are being attacked (by terrorists or by carbon emissions or by a deadly pathogen) and denounce the protesters and mask/vaccine-refusers for lack of patriotism and exposing the herd to danger. It works the same in any country.”** These words are proving to be remarkably prescient in 2020 I think.

**1948 – Establishment of the World Health Organisation (WHO)** as a subsidiary of the United Nations. Today the WHO is largely funded by the Bill & Melinda Gates Foundation and has 194 member states who are obliged to cooperate with the WHO as follows: “The health of all peoples is fundamental to the attainment of peace and security and *is dependent on the fullest co-operation of individuals and States.*” This means that an unelected, globalist body calls on all individuals and states to co-operate with its mandates to the fullest, supposedly to achieve public “health, peace and security”.

**1948 – Orwell’s 1984:** George Orwell writes 1984, a dystopian novel depicting a world of obedience and pain demanded and inflicted by an ever-vigilant Big Brother in a world that is eternally at war. The party slogans are: War is Peace. Freedom is Slavery. Ignorance is Strength.

**1949 – A warning from Albert Einstein:** “Private capital tends to become concentrated in few hands, partly because of competition among the capitalists, and partly because technological development and the increasing division of labor encourage the formation of larger units of production at the expense of smaller ones. The result of these developments is **an oligarchy of private capital the enormous power of which cannot be effectively checked even by a democratically organized political society.** This is true since the members of legislative bodies are selected by political parties, largely financed or otherwise influenced by private capitalists who, for all practical purposes, separate the electorate from the legislature. **The consequence is that the representatives of the people do not in fact sufficiently protect the interests of the underprivileged sections of the population. Moreover, under existing conditions, private capitalists inevitably control, directly or indirectly, the main sources of information (press, radio, education). It is thus extremely difficult, and indeed in most cases quite impossible, for the individual citizen to come to objective conclusions and to make intelligent use of his political rights.**”

— Albert Einstein, Why Socialism? - <https://www.defenddemocracy.press/why-socialism-by-albert-einstein/>

**1954 to present - The first 3-day Bilderberg Meeting** held at Hotel De Bilderberg in Oosterbeek, The Netherlands, from 29 to 31 May 1954. Representatives from economic, social, political and cultural fields were invited to informal discussions to help create a better understanding of the complex forces and major trends affecting Western nations in the difficult post-war period. This has become an annual event, with participation for invitees only, as curated by the Steering Committee from leaders who distinguish themselves in the areas of government, business, technology, labour, media and academia. Over the last seventy years the Bilderberg attendees have been predominantly very wealthy, powerful and/or well-connected, but no media has been permitted into these very secure, very private gatherings.

**1960s – Experiments in Cognitive Dissonance: The KGB does psychological experiments** and learn that if you bombard human subjects with fear messages nonstop, in two months or less most of the subjects are completely brainwashed to believe the false message to the point that no amount of clear information they are shown, to the contrary, can change their mind.

I mention this here, because many claim that all the 21<sup>st</sup> Century drills and dress rehearsals for a pandemic were designed to create a Cult of COVID (aka the Covidian Cult) of people who no matter how much evidence you produce that COVID-19 is a psy-op and a conspiracy, they will dismiss you as a “conspiracy theorist”.

**January 17, 1961 – President Dwight D. Eisenhower’s final address to the nation, a warning about the unwarranted influence of the military industrial complex**

A vital element in keeping the peace is our military establishment. Our arms must be might, ready for instant action, so that no potential aggressor may be tempted to risk his own destruction. . . . American makers of plowshares could, with time and as required, make swords as well. But now we can no longer risk emergency improvisation of national defense; we have been compelled to create a permanent armaments industry of vast proportions. . . . This conjunction of an immense military establishment and a large arms industry is new in the American experience. . . . Yet we must not fail to comprehend its grave implications. . . . In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist.

<https://www.militaryindustrialcomplex.com/military-industrial-complex-speech.asp>

**November 22 1963 – US president John F. Kennedy assassinated in Dealy Plaza, Texas.** Many don’t believe it was a lone gun man, Lee Harvey Oswald, but an organised hit job, a political coup. I don’t know, because I wasn’t there.

**1967 – The Central Intelligence Agency (CIA) releases Document #1035-960 to discredit the claims of ‘conspiracy theorists’** - Conspiracy theories have frequently thrown suspicion on our organization, for example by falsely alleging that Lee Harvey Oswald worked for us. The aim of this dispatch is to provide material countering and discrediting the claims of the conspiracy theorists, so as to inhibit the circulation of such claims in other countries.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

**1968/1969 – Hong Kong flu pandemic** – Woodstock held, no social distancing, no lockdowns, no masking of populations, no border closures. No intrusive government regulations.

**1970 – Moore’s Law** – Intel CEO Gordon Moore observes that the number of transistors in a dense integrated circuit doubles about every two years, indicating that processing speeds are increasing exponentially. This is significant as AI is taking its baby steps in 2020 and can already process hundreds of quadrillions of calculations per second. By 2040 it could be one thousand times more powerful than what it is today, potentially able to monitor and control multiple billions of ‘things’ (including humans, plants and animals) in an interconnected network of things, all in real-time. AI thrives on Big Data, which will be mentioned later with all the COVID PCR testing harvesting DNA samples of subjects.

**1953-1973 – Project MKUltra**, a CIA mind control program, experimented with numerous methods (many illegal) to manipulate its subjects' mental states and brain functions. Most of the MKUltra records were destroyed, but the few that remain along with testimonies of people who worked on the program and subjects who were experimented on is shocking.

### 1970 - Dr. Edward H. Kass questions the efficacy of vaccines

Dr. Edward H. Kass

Standing before his colleagues on October 19, 1970, Harvard’s Dr. Edward H. Kass gave a speech to the annual meeting of the Infectious Diseases Society of America that would likely get him run out of this same profession today. At the time, Dr. Kass was actually the President of the organization, which made the things he had to say about vaccines and their impact on the reduction in American mortality rates even more shocking, at least by today’s standards. Forty-eight years after Dr. Kass’ speech, vaccines have taken on a mythological status in many corners of our world, hyped up by the people who benefit the most from their use. Of course vaccines saved the world. Of course every child should get every vaccine. If you don’t vaccinate, you will enable the return of deadly childhood diseases. If you don’t vaccinate, your child will die. If you question vaccines, even a little, you’re an “anti-vaxxer” who should be shunned and dismissed!

“...we had accepted some half truths and had stopped searching for the whole truths. The principal half truths were that medical research had stamped out the great killers of the past—tuberculosis, diphtheria, pneumonia, puerperal sepsis, etc.—and that medical research and our superior system of medical care were major factors extending life expectancy, thus providing the American people with the highest level of health available in the world. That these are half truths is known but is perhaps not as well known as it should be.” Dr. Kass then shared some eye-opening charts with his colleagues to illustrate:

*“This decline in rates of certain disorders, correlated roughly with socioeconomic circumstances, is merely the most important happening in the history of the health of man, yet we have only the vaguest and most general notions about how it happened and by what mechanisms socioeconomic improvement and decreased rates of certain diseases run in parallel.”*

<https://childrenshealthdefense.org/news/the-impact-of-vaccines-on-mortality-decline-since-1900-according-to-published-science/>

I point this out to illustrate that the science on vaccines is not settled - many have questioned them and continue to do so, although their voices are often censored from the mainstream debate.

### 1971 – The Powell Memo (aka the Powell Manifesto): Corporate Blueprint to Dominate Democracy

Though Powell’s memo was not the sole influence, the Chamber and corporate activists took his advice to heart and began building a powerful array of institutions designed to shift public attitudes and beliefs over the course of years and decades. The memo influenced or inspired the creation of the Heritage Foundation, the Manhattan Institute, the Cato Institute, Citizens for a Sound Economy, Accuracy in Academe, and other powerful organizations. Their long-term focus began paying off handsomely in the 1980s, in coordination with the Reagan Administration’s “hands-off business” philosophy.

Most notable about these institutions was their focus on education, shifting values, and movement-building

The first essential is to establish the staffs of eminent scholars, writers and speakers, who will do the thinking, the analysis, the writing and the speaking. It will also be essential to have staff personnel who are thoroughly familiar with the media, and how most effectively to communicate with the public.

### 1976 – The Swine Flu Fraud (60 Minutes with Mike Wallace)

46 million Americans received the swine flu shot, then 4,000 Americans claimed \$3.5 billion damages for vaccine injuries from the shot. Judy Roberts and others became completely paralysed by a neurological disease (Guillain-Barré syndrome) allegedly related to the vaccine. The propaganda encouraging people to get vaccinated is very similar to the COVID-19 propaganda we are seeing today.

**1980 – The Georgia Guidestones** are financed and erected, with ten guidelines carved into stone in eight major world languages, with a shorter message inscribed at the top of the structure in four ancient languages, on a hilltop in Elbert County Georgia, USA, at the behest of an unknown group at an unknown cost for unknown reasons. ‘Let these be Guidestones to an Age of Reason’, it reads as follows:

**1. Maintain humanity under 500,000,000 in perpetual balance with nature.**

**2. Guide reproduction wisely – improving fitness and diversity.**

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

3. Unite humanity with a living new language.
4. Rule passion – faith – tradition – and all things with tempered reason.
8. Balance personal rights with social duties.
9. Prize truth – beauty – love – seeking harmony with the infinite.

### **10. Be not a cancer on the earth – Leave room for nature – Leave room for nature.**

No one, except for a small group of people, know who planned these Guidestones or why, but for “humanity to be maintained under half a billion people” almost 95% of today’s current 8 billion people would need to die and the remainder would need to be controlled and bred ‘wisely’, an idea that would have seemed outlandish in 1980 but is looking increasingly feasible as we head towards the United Nations Agenda 2030, with continued exponential growth of computing power, increasingly capable robots, universal identity, biometric ID, smart cities, 4IR, 5G and satellite networks interconnecting a global Internet of Things and a super AI in control of everything.

**1986 – US Congress pass the National Childhood Vaccine Injury Act (NCVIA)** which essentially awarded vaccine makers blanket immunity from liability for injuries resulting from childhood vaccines, “no matter how toxic the ingredients, how negligent the manufacturer or how grievous the harm” – sparked a gold rush of vaccine development.

### **1994 – 2020 (a book predicting a pandemic leading to a “global health dictatorship” published)**

The novel **2020**, published in Hebrew by an Israeli editorial house called Keter Press, which literally translates to “Crown” or “Corona” Press, was originally written as a film script in 1987 by an Israeli psychiatrist and daughter of one of the Jewish state’s most well-known playwrights. Hamutal Shabtai was only in her early twenties when she ostensibly wrote the story, which predicts the state of the world today as a result of the counter virus measures with uncanny accuracy and foretells of a society ravaged by a virus, which ushers in a “global health dictatorship”

The 600-page tome details the burgeoning surveillance state that is currently being rolled out under the guise of Covid-19. The author describes a world where society is divided between an at-risk and healthy population, where the former are kept in quarantine. Touching another person is fatal and everyone’s movements are closely monitored and all public spaces are equipped with “biometric doors,” that use a color-coded system very similar to that implemented in Amazon warehouses, that indicate who should be placed in isolation. The novel also mentions a worldwide “health treaty,” which will determine social mobility and human interaction laws for all countries.

### **1995 – Noam Chomsky & Edward S Herman publish Manufacturing Consent**

This study depicts how an underlying elite consensus largely structures all facets of the news. They skilfully dissect the way in which the marketplace and the economics of publishing significantly shape the news. They reveal how issues are framed and topics chosen, and contrast the double standards underlying accounts of free elections, a free press, and governmental repression between Nicaragua and El Salvador; between the Russian invasion of Afghanistan and the American invasion of Vietnam; between the genocide in Cambodia under a pro-American government and genocide under Pol Pot. What emerges from this ground-breaking work is an account of just how propagandistic our mass media are, and how we can learn to read them and see their function in a radically new way.

**1997 – Taking the Risk Out of Democracy: Corporate Propaganda versus Freedom and Liberty** by Alex Carey takes an informative and complete look at the roots of corporate propaganda in the U.K., Australia and particularly the U.S. Carey, a professor of psychology and industrial relations at the University of New South Wales in Australia, observes:

“...Americans are the most propagandized people of any nation.”

“It is arguable that the success of business propaganda in persuading us, for so long, that we are free from propaganda is one of the most significant propaganda achievements of the twentieth century.”

**June 22-23 2001 - Bioterrorism Exercise Dark Winter**, to model a response to a smallpox bioterrorist attack on the United States, held at Andrews Air Force Base

The Center for Strategic and International Studies, the Johns Hopkins Center for Civilian Biodefense Studies, the ANSER Institute for Homeland Security, and the Oklahoma City National Memorial Institute for the Prevention Terrorism, hosted a senior-level war game examining the national security, intergovernmental, and information challenges of a biological attack on the American homeland. Involved were the Director of the CIA, the Secretary of Defence, the Chairman, Joint Chiefs of Staff and reporters from NBC, CBS, BBC, the NYT amongst others. The participants discuss the censorship of counter narratives in the alternative media and federal troops being used for law enforcement if the president invokes the Insurrection Act to quell civil disturbances. It also explores options for martial law including, but not limited to, prohibition of free assembly, national travel bans, quarantines, suspension of habeas corpus and/or military trials if the court system becomes dysfunctional.

The name Dark Winter arose from Dr Robert Kadlec saying that the lack of a smallpox vaccine could lead to "a very dark winter". In 2020, Kadlec is now leading the response to the COVID-19 pandemic live exercise and Joe Biden said it could be a 'very dark winter'.

**September 11 2001 – World Trade Centre and Pentagon terrorist attacks / global war on terror (GWOT) declared**

Two planes fly into the twin towers in Manhattan, causing the total collapse of three buildings – WTC 1, 2 and 7. Whilst the National Institute for Standards and Technology (NIST) claimed that WTC 7 (which was not hit by a plane) collapsed primarily due to office fires, many studies, including a four year detailed study at the University of Alaska at Fairbanks, have shown that the NIST account is impossible and the only way WTC 7 could have collapsed in the manner it did was if "every support column in the building was removed simultaneously." This concurs with the testimony of controlled demolitions expert Danny Jowenko, who when shown a video of the collapse of WTC 7 felt certain that the only adequate explanation for the rapid collapse of the building into its own footprint, with explosions seen and heard, was that the building was wired with explosives. Larry Silverstein, who had recently taken the lease on the WTC complex, received \$US4.5 billion, the biggest insurance payout in history which enabled him to erect new towers.

It is important to note that simulations were running on September 11 and no airforce jets were scrambled to fly wingtip to wingtip with the hijacked airliners.

**2002 – David Rockefeller's Memoirs published**

"We are grateful to the Washington Post, the New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost 40 years.....It would have been impossible for us to develop our plan for the world if we had been subjected to the lights of publicity during those years. But, the world is more sophisticated and **prepared to march towards a world government**. The supernatural sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries."

— David Rockefeller, Memoirs

Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure--one world, if you will. presents the government narrative without question, inviting retired generals who now work within the military industrial complex to speak, and they all promote war. Despite huge world-wide protest rallies, the anti-war narrative is largely censored from the mainstream media. A myriad of lies are told, deadly weapons of mass destruction are unleashed upon Iraq, a million people die and are still being seriously harmed to this day. The Abu Ghraib torture scandal surfaces and in Fallujah, boys are declared enemy combatants and shot. After the war weapons inspection teams scour the country and fail to find any evidence of weapons of mass destruction. International weapons inspector Dr David Kelly, who said the Blair administration had ‘sexed-up’ the WMD dossier, dies under suspicious circumstances, Robin Cook who opposed the war dies whilst out walking and the damning Downing Street memos emerge.

This is yet another proof that governments will lie to their citizens on a massive scale to achieve their ends.

### A History of Lies: WMD, Who Said What and When

This is perhaps the most honest statement about the “weapons of mass destruction” lies that I have seen:

*For bureaucratic reasons, we settled on one issue, weapons of mass destruction (as justification for invading Iraq) because it was the one reason everyone could agree on.*

### 2005 – Playwright Harold Pinter gives his Nobel Lecture Art, Truth and Politics

Everyone knows what happened in the Soviet Union and throughout Eastern Europe during the post-war period: the systematic brutality, the widespread atrocities, the ruthless suppression of independent thought. All this has been fully documented and verified.

But my contention here is that the US crimes in the same period have only been superficially recorded, let alone documented, let alone acknowledged, let alone recognised as crimes at all. I believe this must be addressed and that the truth has considerable bearing on where the world stands now.

**2006 – Lockdowns and Social Distancing: A 15-year-old high school student**, Laura Glass, from Albuquerque, New Mexico won third place in the Intel science and engineering fair for **her project on slowing the spread of an infectious pathogen during a pandemic emergency**. Using a computer simulation that she developed with the help of her father, she argued that in order **to slow the spread of the disease, governments should implement school shutdowns, keep kids at home and enforce social distancing**.

**Incredibly, that third place high school science fair project can be tied directly to the lockdown policies being implemented by governments around the world in 2020**. You see, her father was a senior researcher at Sandia National Laboratories who at that time was working on pandemic emergency response plans for the US Department of Homeland Security. His proposal to implement school shutdowns and, if need be, workplace shutdowns in the event of a pandemic emergency was developed at least in part in response to his daughter’s high school project.

hate and extremism of all forms. We also work to empower youth and community influencers internationally through our pioneering education, technology and communications programmes.

Innovating, trialling and scaling data-driven solutions across our unique networks of community influencers, city and government officials and tech sector partnerships, we work to mount a soft power strategy, proportional in influence and impact to the ever-more sophisticated, cross-border polarisation and recruitment machineries of state and non-state actors promulgating hate, division and conflict.

### Defining ‘extremism’

Extremism is the advocacy of a system of belief that claims the superiority and dominance of one identity-based ‘in-group’ over all ‘out-groups’, and propagates a dehumanising ‘othering’ mind-set that is antithetical to pluralism and the universal application of Human Rights. Extremist groups pursue and advocate a systemic political and societal change that reflects their world view. They may do this through non-violent and more subtle means, as well as through violent or explicit means. Extremism can be advocated by state and non-state actors alike.

### 2007 – Film director Aaron Russo claims ruling elite plan to microchip every human on earth

Film director Aaron Russo said during an interview with Alex Jones he was told by Nicholas Rockefeller the ruling elite planned to microchip every human on the planet. Rockefeller had tried to recruit Russo, who made a name for himself producing the popular Hollywood films Trading Places and The Rose, and later the documentary Freedom to Fascism.

**2008 – In his book CORONACRISIS**, author and investigator Robin de Ruijter predicted in 2008 that there would come a global lockdown. **He said the purpose of this would be to end individual freedoms and create a new world of global totalitarian control.**

“The mortality rate of people who died from COVID-19 is well below the norm of the annual normal flu rate.

During the intensive flu wave of 2018, the hospitals were as crowded as during the coronapandemia. At that time, the care staff also worked double shifts and patients were moved to other hospitals. 4,092 people died in one week! Why was there no lockdown or other measures imposed by our politicians in 2018?”

**2009 – WHO changes the definition for pandemic without explanation:** A pandemic was considered to be a disease that spread worldwide and which led to many serious illnesses and deaths. Suddenly, and for reasons never explained, it was changed to be a worldwide disease only. The clause about “many serious illnesses and deaths” was removed so were not required any more to announce a pandemic. Due to this change, the Bill & Melinda Gates Foundation funded WHO, which is closely intertwined with GAVI and the global pharmaceutical industry, was able to declare the swine flu pandemic in 2009, with the result that vaccines were produced and sold worldwide on the basis of contracts that have been kept secret until today.

### March 2009 – WHO declare a H1N1 Swine Flu Pandemic based on faulty modelling

In 2009-2010, **Dr. Wolfgang Wodarg** was chairman of The Parliamentary Assembly of the Council of Europe Committee (PACE), which investigated the WHO’s motives in declaring the H1N1 2009 a Worldwide pandemic. Dr Wodarg declared that the “false” H1N1 swine flu pandemic was “one of the greatest medicine scandals of the century.” (Forbes, February 10, 2010) Scroll down below video for January 2010 statement by the European Parliament.

<https://www.corbettreport.com/tag/swine-flu/>

**2009 / 2010 – GSK and vaccine caused narcolepsy** - Around 800 children in Sweden and elsewhere in Europe developed narcolepsy, an incurable sleep disorder, after being immunized with the Pandemrix H1N1 swine flu vaccine made by British drugmaker GlaxoSmithKline in 2009.

<https://theredpillinfo.wordpress.com/2013/03/13/evidence-grows-for-narcolepsy-link-to-gsk-swine-flu-shot/>

These H1N1 vaccines proved to be completely unnecessary because the swine flu eventually turned out to be a mild flu, and never became the horrific plague that the pharmaceutical industry and its affiliated universities kept announcing it would turn into, with millions of deaths certain to happen if people didn’t get vaccinated. These vaccines also led to serious health problems. About 700 children in Europe fell incurably ill with narcolepsy and are now forever severely disabled. The vaccines bought with millions of taxpayers’ money had to be destroyed with even more taxpayers’ money.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

The British Government paid out £60 million to patients who had been damaged by GSK's Pandemrix vaccine. (GSK had demanded that the Government indemnify it against claims for damages). The British Government has to pay out so much money to the parents of children damaged by some vaccines that there is a fixed fee of £120,000 per severely damaged child. In the United States, the Government has paid out over \$4 billion for vaccine injuries. That money has been paid to 18,000 individuals. That's a lot of money for governments to pay out for treatments that are supposed to be perfectly safe. In the 2019 fiscal year, \$131,485,775 was paid out to vaccine damaged individuals in compensation.

A pandemic, with a virulent and deadly wild geese strain influenza, starting in China, spreads across the world and causes all governments to act in Lockstep to implement tighter top-down control with lockdowns, mandatory face masks and temperature checks etc. The world economy is heavily impacted and China is viewed favourably for its authoritarian leadership and hermetic sealing off of all borders – but there is increasing citizen pushback. After the pandemic, control measures stick and are intensified and **citizens give up their privacy to a “paternalistic” state with mandatory biometric IDs for all citizens**. **2010 –Media Ownership Consolidated by the Big 6:** General Electric, Disney, CBS, Viacom, Time Warner and News Corp

Due to 30 years of marching media consolidation, U.S. media landscape is controlled mostly by six massive media corporations: General Electric, Walt Disney, Rupert Murdoch's News Corp., Time Warner, Viacom, & CBS. These six media corporations control most of what we hear, read, and see. Our perceptions, worldviews and our culture is dictated by the message portrayed by a few corporations. With so much influence and control it is very easy to capitalize on such influence to market products, create desires we never had, influence our emotions and ultimately use it all to make huge profits.

<https://www.cleancutmedia.com/articles/media-owned-by-the-big-6-ge-disney-cbs-viacom-time-warner-news-corp>

I mention the consolidation of Big Media to illustrate how the media has fallen into a “lockstep” presentation of one side of the COVID-19 pandemic story whilst remaining completely silent about, even censoring, any dissenting viewpoints, thus leaving most people brainwashed about what is really happening, as many have argued is happening now.

### 2012 – London Olympics opening ceremony NHS segment envisions a pandemic and a nanny state

At the opening to the 2012 Olympic games, a Danny Boyle directed stage play is presented looking at children's literature and the NHS. Overshadowed by a giant Lord Valdemort, with hundreds of NHS hospital beds and sick children, a sick Boris Johnson (?), dancing nurses, men dressed in black representing a spreading virus (?) which is coming for the children who are finally rescued by dozens of Mary Poppins (nannies) who fly in on their umbrellas and stand attentively at guard by the children's bedsides. Although the fact checkers say it is false, many question if this is predictive programming of something that is planned, namely the nanny state that is coming for the children?

Examining the NSA's unprecedented abuse of power with never-before-seen documents entrusted to Glenn Greenwald by Snowden.

Going beyond NSA specifics, Greenwald also takes on **the establishment media, excoriating their habitual avoidance of adversarial reporting on the government and their failure to serve the interests of the people.** Finally, he asks what it means both for individuals and for a nation's political health when a government pries so invasively into the private lives of its citizens—and considers what safeguards and forms of oversight are necessary to protect democracy in the digital age.

**2015 - All United Nations Member States adopt The 2030 Agenda for Sustainable Development,** which provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our oceans and forests.

It is argued that 14 of these 17 SDGs are enhanced by vaccines, a claim that many would strongly dispute.

### 2015 – Bill Gates gives TED Talk in which he warns that the world isn't ready for a pandemic

In 2014, the world avoided a global outbreak of Ebola, thanks to thousands of selfless health workers -- plus, frankly, some very good luck. In hindsight, we know what we should have done better. So, now's the time, Bill Gates suggests, to put all our good ideas into practice, from scenario planning to vaccine research to health worker training. As he says, "There's no need to panic ... but we need to get going."

"If anything kills over 10 million people in the next few decades, it's most likely to be a highly infectious virus, rather than a war. Not missiles but microbes." Gates goes on to argue **the world needs to give more MONEY and POWER to a small group of scientists and technocrats** in order to stop future epidemics and everything needs to be digitised.

I would argue that if you listen to this TED talk carefully, it isn't primarily about public health. No. **This is about the desire of a small elite group to own and control everything and everyone on the planet.**

### 2017 - Dr Udo Ulfkotte, the former German newspaper editor whose bestselling book "BOUGHT JOURNALISTS" exposed how the CIA controls German media, found dead. He was 56.

"I've been a journalist for about 25 years, and I've been educated to lie, to betray, and not to tell the truth to the public," Ulfkotte told Russia Today. "I was supported by the Central Intelligence Agency, the CIA. Why? Because I am pro-American."

Ulfkotte claimed most corporate media journalists in the United States and Europe are "*so-called non-official cover*," meaning that they work for an intelligence agency. His book (in English) is "**Journalists for Hire: How the CIA Buys News**"

### 2016 – Documentary TrustWHO released, particularly examining the 2009 H1N1 Swine Flu pandemic which the WHO warned would affect 2 billion people

TrustWHO is a documentary that looks at the World Health Organization (WHO) which was founded with the aim of building a healthier future for people all over the world. Whether it's the effects of smoking, the Swine flu pandemic or a nuclear disaster, the WHO is the body we rely on to advise on and resolve a public health crisis. But can it be trusted?

TrustWho documents filmmaker Lilian Franck's quest to discover what lies behind the altruistic façade of the world's largest public health body. **What she uncovers is an alarming picture of corruption and opacity. This powerful investigative doc shines a light on how industry lobbies have infiltrated the WHO and asks whether the organisation can be trusted to keep the public healthy.**

### October 2016 - Exercise Cygnus "Swan Flu" pandemic exercise

Government simulation of a "swan flu" outbreak carried out to war-game the UK's pandemic readiness. It involved 950 officials from central and local government, NHS organisations, prisons and local emergency response planners. The simulation took place over three days in October 2016 and asked participants to imagine they were fighting a fictitious "worst-case-scenario" flu pandemic affecting up to 50% of the population and causing up to 400,000 excess deaths.

The scenario imagined that a new virus had emerged in Thailand in June, later identified as a strain of H2N2. Within a month the World Health Organization had declared a public emergency, triggering the UK's response plans as the world mobilised to tackle an outbreak of "swan flu".

Community resilience and prevention of violent extremism - Initiatives to promote community resilience and prevent violent extremism in Victoria are strongly place-based. Resources are also prioritised to address the underlying factors which make people vulnerable to being drawn to violent extremism. PVE grants and activities may connect at-risk individuals with community-based employment, education, drug and alcohol services, sporting, mental health and youth leadership services. In January 2017, the World Bank and the Bill & Melinda Gates Foundation in Seattle, Washington, backed a pandemic simulation at the World Economic Forum in Davos, Switzerland — a gathering of global leaders in business, politics and academia. The exercise highlighted a need for better coordination between companies, governments and non-profit organizations when it came to managing global supply chains for medical equipment, diagnostic tests, treatments and vaccines. The scenario coincided with the launch of an Oslo-based foundation to develop and distribute vaccines for emerging infections, called the Coalition for Epidemic Preparedness Innovations (CEPI). It has received funding from the Gates Foundation, the UK biomedical charity Wellcome and countries including Japan and Germany.

### THE EXPLOSION

One day, AI will reach a critical mass, the point when it comes to the explosion, when it develops its own updates, when it creates its own hardware, when it possibly begins to determine our fate. ### May 2018 - Clade X

This event examined the response to the deliberate release of a fictional virus known as Clade X by a terrorist group called ABD (A Brighter Dawn). As the virus spread throughout the U.S., the participants asked what would be the response if the president issued a federal quarantine? They noted that the government would need to determine the level of force authorised to maintain quarantine. This exercise also ended up with the Federal government nationalising the health care system.

### 2018 – Melbourne SCN Declaration

We, the Mayors, Governors and Sub-national leaders of the Strong Cities Network: Condemn the escalation and impact of terrorism, violent extremism and social polarisation in communities the world over. We underline that 2016 saw more countries than ever before suffer terrorist attacks, with over 25,000 deaths globally as a result of increasingly coordinated and strategic campaigns by militant extremist groups and those inspired by their ideologies. We recognise that this challenge is one that impacts not only those directly affected by violence, but the wider community fabric and civic culture upon which our societies depend.

In particular, we declare the need for mayors, governors and sub-national leaders to:

Drive innovation in **data collected and held at local levels**, to better understand both the risks in our communities and the impact we can make on mitigating them;

### 2018 – Publication of GIANTS: The Global Power Elite by Peter Phillips

**Who holds the purse strings to the majority of the world's wealth?** As the number of men with as much wealth as half the world fell from sixty-two to just eight between January 2016 and January 2017, according to Oxfam International, fewer than 200 super-connected asset managers at only 17 asset management firms—each with well over a trillion dollars in assets under management—now represent the financial core of the world's transnational capitalist class. Members of the global power elite are the management—the facilitators—of world capitalism, the firewall protecting the capital investment, growth, and debt collection that keeps the status quo from changing. Each chapter in Giants identifies by name the members of this international club of multi-millionaires, their 17 global financial companies—and including NGOs such as the Group of Thirty and the Trilateral Commission—and their transnational military protectors, so the reader, for the first time anywhere, can identify who constitutes this network of influence, where the wealth is concentrated, how it suppresses social movements, and how it can be redistributed for maximum systemic change.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

**2019 - In 2019, a Netflix series called “Explained” aired “The Next Pandemic;”** an episode in the documentary-style show that warns us about a looming pandemic featuring none other than **Bill Gates** as one of the “experts” walking viewers through the deliberately frightening setup, which begins with apocalyptic scenarios of humanity’s end and **Gate’s opinion** on which scenario is more likely.

Unsurprisingly, the former Microsoft CEO identifies zoonotic diseases as the main threat to the world. An astonishing prediction by a man with no real background in biology or science, whose words have nonetheless been anointed by corporate media as gospel. Almost every point highlighted in the episode mirrors our present reality and the narrative about its source.

**March 2019 - Christchurch mosque shootings / gun amnesty:** Two consecutive mass shootings occurred at mosques in a terrorist attack in Christchurch, New Zealand, during Friday Prayer on 15 March 2019. A gun amnesty subsequently disarmed large numbers of the population. Some have questioned if the (supposedly) live streamed shooter videos were genuine, or fake, made in front of a green screen with fairly amateurish editing - for example, in one scene the shooter is firing his semi-automatic rifle in the street, but the ejected cartridges appear to be disappearing into thin air (?)

I mention this because before a depopulation attempt the population is usually disarmed.

**October 2019 – Google whistle-blower Zach Vorhies warns 'DeepMind' technology is the AI 'equivalent of the Manhattan Project' and has been shared with China**

'Google doesn't have borders on its technology' Deep Mind is a general transferable intelligence," he said. "So, when someone makes a machine-learning intelligence program, it's usually trained on to just one problem, let's just say chess, or let's say checkers. But a transferable AI is able to take the intelligence that is grown towards the specific problem set and then transfer to a related problem set," he said.

Glenn asked if transferable AI is synonymous with "Artificial General Intelligence" or AGI.

"Yes," confirmed Vorhies. "And that general intelligence will be adept at many different tasks, possibly the entire spectrum of human tasks that people do today. It could be done by this one machine and it has in its access, all the public information on the Internet. Plus, all of the hidden information that Google has stored in its data servers."

<https://www.theblaze.com/glenn-radio/google-whistleblower-reveals-deepmind-surveillance-technology-developed-for-china>

"When people think of surveillance they usually think of country surveillance," Vorhies continued. "This is planetary surveillance of all information that is available on the surface web and also any sources that it can get in the deep web and utilizing Google's extensive deep analysis of its book scanning stuff. So think of the Library of Alexandria of all available websites that you can search for and all that data gets fused together and a decision-making process gets formed because of that. This is essentially what the Google DeepMind project is all about."

Essentially, Google is using artificial intelligence and data collection to manipulate the general population and to segregate content creators and video makers that they don't approve of. **Google is working toward world domination using blacklists and censorship tactics that control the mind and the will of the people.**

**October 23 2019 – WikiLeaks publishes its last story based on leaked documents, the OPCW Douma Whistleblower evidence** about the Duma, Syria chemical attack. I mention this because the savagery with which Julian Assange, an intelligent and thoughtful man, an Australian citizen, computer prodigy, a multi-prize-winning investigative journalist, a pioneer in government transparency, a much loved son, friend, husband and father, is being treated is worse than many murderers, terrorists and rapists receive, facing 175 years buried in a Super Max prison somewhere in America. It seems that the State hates a truth-teller who leaks secrets more than the worst criminals, which makes me ask – How many potential whistle-blowers within the Big Pharmaceutical industry are sitting on a minefield of documents concerning vaccine testing, safety, efficacy, profit margins and people in positions of power with serious conflicts of interest, but wouldn't dare expose these facts due to the fear of potential repercussions?

**December 2019 – Bill Gates tweets: I'm particularly excited about what the next year could mean for one of the best buys in global health: vaccines.** Shortly after he advocates that every man, woman and child on earth should receive his lucrative vaccines – but only AFTER the manufacturers have all been indemnified against any harm their products might do.

**Feb 2020 – Elon Musk's SpaceX and Starlink:** Australia's telecommunications regulator gives initial approval for Elon Musk's \$10 billion SpaceX to operate its Starlink satellite network in the country. Connections will begin once the company has at least 360 satellites in orbit, with the final plan seeing 12,000 small satellites providing high-speed internet to anywhere in the world.

**2020 – Bill Gates, whose Bill & Melinda Gates Foundation has spent the last twenty years buying up huge power over the media, academia, medicine and vaccines,** amongst many other lucrative investments, starts appearing on media being interviewed as though he is an authority figure on the virus. This man is not a doctor and has no medical license, yet whilst genuine doctors are being arrested and censored, Gates is treated as an expert. He says that Big Pharma needs to vaccinate and digitally certify every last man, woman and child on earth and that until this is done, we cannot return to normal. He signals the shut-down of air travel and public venues until people are vaccinated and argues that Big Pharmaceutical companies must be given billions of dollars and **FULL INDEMNIFICATION** against any harm their products do.

Actor Jim Carey makes the very astute observation: **“The coronavirus has shown that the world can easily be manipulated through fear by controlling the media, academia and medicine.”**

**2020 – Many people question the origin of the SARS-COV2 virus.** Did it come from a bat or a pangolin sold at a Wuhan wet market? Was it made via gain of function technology in the only BSL-4 virology laboratory in China, in Wuhan, where they were studying bat coronaviruses? Were American soldiers who went to Wuhan for the military games vaccinated and given the virus? Many claim that the virus has never even been isolated. There are many questions that need answers here.

**2020 – A movement to #ExposeBillGates begins and it raises many concerns such as the ones that follow:**

**Bill Gates is not a selfless philanthropist** – he is a ruthless software entrepreneur and Microsoft monopolist who has unsuccessfully attempted to transform his image into a lover of mankind, however over the past decade of his “philanthropy,” Gates’ net worth has actually doubled, from \$50 billion to over \$100 billion.

**The Bill & Melinda Gates Foundation has monopolized the global health industry**

But Gates’ influence extends far beyond the WHO. The Gates Foundation co-founded the Global Fund to Fight AIDS; the Global Financing Facility for Women, Children and Adolescents; the Coalition for Epidemic Preparedness Innovations; Gavi, the Vaccine Alliance; the Stop TB Partnership; and seemingly every other major global health initiative of the past two decades.

**The Bill & Melinda Gates Foundation has been involved in illegal and unethical research in developing countries**

**The Bill & Melinda Gates Foundation has practiced philanthropic racism throughout the developing world**

**Gates is helping to form a cashless payment and biometric identity grid**

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

### **This agenda does not begin and end with Bill Gates**

Bill Gates is merely the recognizable spider at the center of a web of organizations, institutions, corporations and government bodies that are acting in concert to transform the world as we know it. But these various bodies are all dedicated to the same vision of The Great Reset and the new normal that Bill Gates is, and they would continue to bring that vision about even if Bill Gates himself were somehow stopped.

There are many reasons to be concerned about this agenda and its implications. But even if we were to trust that Gates himself actually *is* a selfless philanthropist with the purest of intentions, no one should trust that the heads of the various groups, organizations, bodies, NGOs, foundations and governments who are spearheading this agenda are all similarly trustworthy. The amount of power that is being centralized in the hands of unaccountable institutions and nongovernmental bodies **should be disturbing to anyone who understands the real danger of putting so much power in so few hands.**

**24 March 2020 – TED Talk with Vaccine and Digital Technology Snake Oil Salesman Bill Gates** who argues testing and self-isolation are essential, promotes vaccines and says eventually people will need “digital immunity proof to help facilitate the global reopening up.”

**2020 – COVID-19 relief programs go into effect all over the world, getting people accustomed to government handouts** such as Job Seeker, Job Keeper and other payouts as people increasingly rely on the nanny state as the economy is being shut down, preparing people for a Universal Basic Income (UBI).

**2020 – Neil Ferguson's COVID-19 infection fatality rate computer modelling predictions found to be woefully inaccurate**, far overestimating the potential death rate, however he suffers no repercussions. Ferguson has produced faulty models before, such as during the 2009 H1N1 Swine Flu Pandemic and the **2000 Mad Cow** episode, where thousands of cows were slaughtered in the U.K.

**2020 – PCR testing in widespread use for the coronavirus, however many scientists are warning that it is NOT FIT FOR PURPOSE and yields many false positives.** For example, Dr Mike Yeadon, former vice president of Pfizer, respiratory illness expert and former colleague of UK Health Secretary Patrick Vallance (who he questions), states that “a positive PCR test isn't informative. You need symptoms, cycle thresholds and more, which we never get. Just the lie that all positives are “confirmed cases”.”

**March 18 2020 - COVID-19 sceptic Dr Vernon Coleman publishes a video entitled `Coronavirus Scare: The Hoax of the Century`**

A few days later (after the coronavirus had been downgraded) the country (the UK) was put into lockdown. The key word there is `after`.

The coronavirus has been rightly downgraded to an infectious disease – like the flu. (Though remember that the flu can, in a bad year, kill 600,000 people. It needs to be taken seriously. That was my point all along. And, despite the figures being wrong in Italy for example, the coronavirus has never looked like killing 600,000 people)

But the Government had put us all in lockdown. And told the police to make sure we obeyed.

I add this here as an example of one of MANY MANY people who began questioning the COVID-19 pandemic very early on.

**March 2020 – Publication of Microsoft Patent WO 2020 060606 - Cryptocurrency system using body activity data**

**Abstract**

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

Human body activity associated with a task provided to a user may be used in a mining process of a cryptocurrency system. A server may provide a task to a device of a user which is communicatively coupled to the server. A sensor communicatively coupled to or comprised in the device of the user may sense body activity of the user. Body activity data may be generated based on the sensed body activity of the user. The cryptocurrency system communicatively coupled to the device of the user may verify if the body activity data satisfies one or more conditions set by the cryptocurrency system, and award blockchain cryptocurrency to the user whose body activity data is verified.

This technology, using mobile processors embedded in smart phones, tablets, clothing, head bands, smart watches, fit bits and other devices could potentially **turn people into electronic slaves**, as they mine their own crypto currency UBI via obedient bodily activity, including monitoring what advertising one views and brain waves and bodily fluids 24x7. As Boris Johnson said, “Data is the new oil” and these people would generate plenty of it.

### April 3 2020 - The Coronavirus Pandemic Will Forever Alter the World Order

Henry A. Kissinger writes in the The Wall Street Journal that “the coronavirus pandemic will forever alter the world order.” “Drawing lessons from the development of the Marshall Plan and the Manhattan Project, the U.S. is obliged to undertake a major effort in three domains”, he writes.

I would argue that the building of a (Quantum) General Artificial Intelligence (AI) engine, something like Charles Babbage’s primitive steam engine on steroids, brought into the 21<sup>st</sup> Century, is the New Manhattan Project and the Great Reset of Absolutely Everything is the new Marshall Plan that Kissinger is referring to here. Kissinger also mentions the need for States to stockpile vaccines.

**May 2020 – James Corbett produces an important four-part documentary series to ask: Who is Bill Gates?** A software developer? A businessman? A philanthropist? A global health expert? This question, once merely academic, is becoming a very real question for those who are beginning to realize that Gates’ unimaginable wealth has been used to gain control over every corner of the fields of public health, medical research and vaccine development. And now that we are presented with the very problem that Gates has been talking about for years, we will soon find that this software developer with no medical training is going to leverage that wealth into control over the fates of billions of people.

### May 2020 -Dr Vernon Coleman publishes: Coronavirus - You’ve been brainwashed (Here’s how they did it)

Coleman claims: Governments have been using a range of **Orwellian mind control tricks** during the coronavirus `crisis`.

<http://vernoncoleman.com/brainwashed.htm>

**2020 – Mobile hospitals shipped in to locations at great expense** – they often remain empty or see very few patients. Who is making the profits from these unnecessary precautions?

**2020 – Hospitals paid extra** to put patients on ventilators (where they often die) and to put COVID-19 on death certificates, even if the deceased was elderly and had one of more underlying comorbidities.

**2020 – COVID mortality figures inflated:** Deaths were often entered as “with COVID” on death certificates even if it is very dubious if that was the cause of death, which over inflates the fatality figures, making the pandemic appear worse than it really is.

**2020 – Hospital wards closed** as hospitals gear up to handle excess COVID patients that never come. Many hospital staff work from home via the Internet. Tele-health adopted more widely through-out the world. Regular health care postponed which risks making ill people more vulnerable.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

**2020 – Around the world in various locations, care homes are paid to accept ill people** (possibly with the coronavirus) into their care. Care homes often host elderly patients with weakened immune systems and underlying comorbidities, making them some of the most vulnerable populations to get ill or die from this new virus, which would explain the spike of deaths in care homes. Some have argued the government policies which did this constitute a crime against humanity.

**2020 – Many people start questioning whether the pandemic is actually a PLANdemic and if media and government are lying to them on behalf of wealthy and powerful corporate interests?** Big Tech starts censoring and de-platforming researchers who question the dominant government / mainstream media narrative, although millions of people all across the world are waking up to the giant hoax. Huge protest rallies happen in Berlin, London and many other cities around the world in defiance of government lockdown orders. Interestingly, whilst Black Lives Matter protests were allowed with big crowds observing social distancing, and police officers even attended and took a knee, they crack down very hard on anti-lockdown protests accusing the protesters of “spreading the virus”.

**2020 – The PLANdemic 1 and PLANdemic 2 videos are released**, presenting evidence that COVID-19 is not a pandemic but a plandemic, a hoax, a fraud. These videos and many similar ones quickly vanished from platforms such as Google YouTube and Facebook and were roundly denounced by Fact Checkers (which are often funded by the Bill & Melinda Gates Foundation, the Rockefeller Brothers Foundation, Soros Open Societies or other well-heeled organisations) but I found they had many credible arguments. **2020 – The World Economic Forum announces the Fourth Industrial Revolution (4IR), the end of humanity and the Great Reset of Everything.** Klaus Schwab, a technocrat and the founder of the World Economic Forum, a small group of ultrawealthy and well-connected people, looking like a SMERSH villain out of a James Bond flick, announces that we need a COVID Great Reset. This includes a 10 trillion-dollar 100 million person so-called Green New Deal, a Great Reset of the Table (the world's food supply), a plan to universally privatise health in every country by 2030, universal digital identity to be rolled out for every person on earth, and for a centralised authority to take control of practically everything that makes life on earth possible or enjoyable. **2020 – Australian prime minister Scott Morrison says that WHO should have powers similar to an international weapons inspector.** Would this mean that just as weapons inspectors have carte blanche to go where they please looking for weapons, the WHO should have that same power to enter people’s family homes and remove their children into quarantine if they were deemed to be sick or even asymptomatic carriers of a virus?

**2020 – World-wide, almost every one of the 193 states that are signatories to the Gates controlled World Health Organisation (WHO) in lockstep fashion introduce COVID safe messaging** to shops, plastic screens pop up world-wide, suddenly cash is dirty and credit is preferred, there’s a coin shortage in the USA, children’s playgrounds are taped off like crime scenes and schools are closed although most children are at virtually zero risk from this virus, water fountains are shut (but you can go to the nearby shop or Coke machine if you’re thirsty, right?), X’s appear on the floor telling people where to stand, hand sanitisers appear everywhere along with perpetual messaging to wash your hands, avoid physical greetings, BUMP symbols replace the press symbol on cross-walks, stickers remind passengers to socially distance on public transport, although there’s very little scientific evidence to support the practice, in some countries there is mandatory masking, sometimes even of young children, every shop and public space is boasting of how clean it is and how regularly it sanitises everything, tele-health, ZOOM, working from home, disrupted parking, and some places like New Zealand, the UK and Victoria are locking their citizens down, making all sorts of absurd rules that curtail people’s liberties. **All for a virus that’s similar in lethality to a seasonal flu? It’s utter madness.**

I prefer George Carlin’s advice on germs to that of our governments - **George Carlin warns about “trading away freedom for the feeling, the illusion, of security. The economic, food, and health systems disruptions resulting from the COVID-19 pandemic are expected to continue to exacerbate all forms of malnutrition. Estimates from the International Food Policy Research Institute suggest that because of the pandemic an additional 140 million people will be thrown into living in extreme poverty on less than US\$1.90 per day in 2020.

According to the World Food Programme, the number of people in LMICs facing acute food insecurity will nearly double to 265 million by the end of 2020. Sharp declines are expected in access to child health and nutrition services, similar to those seen during the 2014–16 outbreak of Ebola virus disease in sub-Saharan Africa.

Early in the COVID-19 pandemic, UNICEF estimated a 30% overall reduction in essential nutrition services coverage, reaching 75–100% in lockdown contexts, including in fragile countries where there are humanitarian crises.

### September 2020 – Bill Gates blames "freedom" for the spread of the virus – independent journalist Spiro Skouris

Bill Gates gave an interview to the Rothschild partially owned Economist asked about how he views the U.S. response to the outbreak. His reply was - Aside from the high 'risk money' the US ponied up for vaccine research and development, he thinks the U.S. is doing a poor job overall.

Gates proceeded to directly blame the poor response on lack of preparation, but also freedom. Yes, Bill Gates blamed our freedoms for the spread of the virus. Bill Gates then went on to praise China's authoritarian response and said, despite the fact that people's rights were violated, China's response was really amazing!

This is right out of the **2010 Rockefeller Lock Step document** that laid out a scenario for a virus that started in China and created a world of tighter top-down government control and more authoritarian leadership (see 2010 reference).

### September 2020 – Author and researcher Vernon Coleman self-publishes his investigations into the pandemic

**Covid-19: The Greatest Hoax in History** - Coleman argues that the COVID-19 pandemic has turned out to be the greatest fraud in human history. This book explains how a bunch of crooks are using the fear which has been deliberately created out of a fairly ordinary flu bug to take over the world. Making huge profits has been effectively disguised as philanthropy, **the end goal being to implement a New World Order.**

<http://www.vernoncoleman.com/greatesthoax.pdf>

**September 2020** - This message from Doctor David Martin and his wife, Kim, quickly becomes serious because it reveals three unspeakable facts about the alleged Coronavirus pandemic: (1) **The official story is a lie**, (2) the percentage of normal false-positive errors in the PCR tests is higher than the percentage of confirmed positive tests from humans – which means **most if not all of the reported human positive tests could be false**, and (3) early results from covid-19 vaccine trials show **60% of those injected have adverse reactions** – compared to less than 8% with adverse reactions from the infection the vaccines are supposed to protect against. In other words, the treatment is far worse than the disease. **The unspeakable conclusion is this: A few people are set to become obscenely wealthy by causing tens of millions to become ill, to be neurologically injured, and to die prematurely.**

**September 2020** – Sanjeev Sabhlok quits his job as a Victorian treasury economist to be free to speak out against the state's mismanagement of the COVID-19 infection. He notes the pandemic policies in Australia are heavy-handed, unjustified, negligent of human freedoms and are having hugely adverse economic, social and health effects, particularly hurting poorer people.

### October 2020 – A World Health Organisation (WHO) official David Nabarro says the lockdowns are a mistake and are causing more harm than good.

**DAVID NABARRO:** I want to say it again: we in the World Health Organization do not advocate lockdowns as a primary means of control of this virus. [...] **We may well have a doubling of world poverty by early next year. We may well have at least a doubling of child malnutrition because children are not getting meals at school and their parents and poor families are not able to afford it.**

**This is a terrible, ghastly global catastrophe, actually.** And so we really do appeal to all world leaders: stop using lockdown as your primary control method. Develop better systems for doing it. Work together and learn from each other. But remember, lockdowns just have one consequence that you must never, ever belittle, and that is making poor people an awful lot poorer.

**SOURCE:** The Week in 60 Minutes #6

This is classic gaslighting, bait and switch as the WHO keeps on changing its mind – lock down, no, don't lock down – ummm yes, lock down!

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

**Mortality rate** - No doubts that a large part of the global economy is on its way to be further destroyed. Airline companies, tourism and hospitality industries are already on the brink of disaster and many are following very soon, with catastrophic consequences for hundreds of millions of people.

### November 2020 – Tom Woods (and others) claim the coronavirus has created a dangerous Cult of COVID

“This is the greatest public health fiasco in the history of the world, and the media has distorted it so badly, that much of the general public is celebrating villains and hissing at heroes. And, even — perversely enough — celebrating the destruction of their own lives and their children's lives”, Tom argues.

<https://mises.org/library/covid-cult>

**November 2020 – Dr Roger Hodkinson CEO & Medical Director, states this (Corona Scandal) is the greatest hoax ever perpetrated on an unsuspecting public and all the measures of masking, lockdowns, social distancing and quarantining etc. are totally unjustified:** “I’m a medical specialist in pathology which includes virology. I trained at Cambridge University in the UK. I’m the ex-president of the pathology section of the medical association. I was previously an assistant professor in the faculty of medicine doing a lot of teaching. I was the chairman of the Royal College of Physicians of Canada Examination Committee in Pathology in Ottawa. But more to the point I’m currently the chairman of a biotechnology company in North Carolina selling a COVID-19 test and you might say I know a little bit about all this.

**The bottom line is simply this: there is utterly unfounded public hysteria driven by the media and politicians.** It’s outrageous. **This is the greatest hoax ever perpetrated on an unsuspecting public.** There is absolutely nothing that can be done to contain this virus other than protecting older, more vulnerable people. It should be thought of nothing more than a bad flu season. This is not Ebola, it’s not SARS. It’s politics playing medicine and that’s a very dangerous game.

Dr Hodkinson states:

There is no action of any kind needed other than what happened last year when we felt unwell. We stayed home, we took chicken noodle soup, we didn’t visit granny. And we decided when we would return to work, we didn’t need anyone to tell us.

Masks are utterly useless, there is no evidence based for their effectiveness whatsoever. Paper masks and fabric masks are simply virtue signalling, they’re not even worn effectively most of the time. It’s utterly ridiculous seeing these unfortunate, uneducated people and, not saying that in a pejorative sense, seeing these people walking around like lemmings, obeying without any knowledge base, to put the mask on their face.

**Social distancing is also useless** because Covid is spread by aerosols which travel 30 metres or so before landing. Enclosures have had such terrible unintended consequences. They should everywhere be open tomorrow as was stated in the Great Barrington Declaration that I circulated prior to this meeting.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

And a word on testing. I do want to emphasise that I'm in the business of testing for Covid. I do want to emphasise that positive test results do not – underlined in neon – mean a clinical infection. It's simply driving public hysteria and all testing should stop unless you're presenting to hospital with some respiratory problem.

All that should be done is to protect the vulnerable and to give them all in the nursing homes that are under your control, give them all three to five thousand international units of Vitamin D every day, which has been shown to radically reduce the likelihood of infection.

And I would remind you all that using the province's own statistics the risk of death under 65 in this province is one in 300,000, one in three hundred thousand, you've got to get a grip on this. The scale of the response that you're undertaking with no evidence for it is utterly ridiculous.

Given the consequences of acting in a way that you're proposing, all kinds of suicides, business closures, funerals, weddings, etc. etc., it's simply outrageous. **It's just another bad flu and you've got to get your minds around that.** Let people make their own decisions. You should be totally out of the business of medicine. You're being led down the garden path by the chief medical officer of hell for this province. I'm absolutely outraged that this has reached this level, it should all stop tomorrow. Thank you very much."

**November 2020 - Forced Vaccination Law in Denmark Abandoned After Public Protests**

The 'epidemic law' would have handed the Danish government the power to enact mandatory quarantine measures against anyone infected with a dangerous disease, but it was the part about vaccinations that caused the biggest uproar.

With a coronavirus vaccine in sight, governments across the world are mulling over what punitive measures to bring against those who refuse to take it.

Last week we highlighted how both Ticketmaster and airline companies are considering barring people from entering venues and flying if they cannot prove they have taken the vaccine (i.e. digital certificates).

So while public protests may be able to prevent authorities carrying out forced vaccinations, people who refuse to take the shot may find it virtually impossible to enjoy any kind of social life, use public transport, or even find employment.

I hope you see where this is going, every aspect of our lives will be centralized digitally using biometrics and in many cases the blockchain, AI and 5G. Our identities, our passports, our drivers' licenses, our vaccinations status, our health records – all recorded in one universal identity. For example: If you didn't get your latest shot, you may face travel restrictions. Or, you may not be able to go to work, or your payments may be frozen until you comply. If you comply and receive the experimental mRNA vaccines and become a GMO human, you might be rewarded with access to credit.

And it's **Warp Speed** ahead! **The world can return to some semblance of normalcy, we are constantly told, but only when we've all had the vaccines!** The vaccines are mRNA based and have never been used at scale before, and they leave behind a unique quantum dot luminescent mark lit up with Luciferase with Luciferin that can be read with a modified smart phone and an app. They also use a DARPA research hydro-gel that can be injected into the body along with the vaccine and can possibly perform all sorts of functions, such as measuring blood-alcohol content, monitoring heart rate and other things, according to Dr Carrie Madej. Governments are giving the Big Pharmaceutical companies billions of dollars for "research" whilst granting them complete indemnity from any harm that their products might cause, and while they rake in billions on this racket, the public is left with poorly tested vaccines and biosecurity ID which will control us forever. In Australia we have a government digital health record – I predict that's where it will start until those vaccination records are eventually transferred into a centralised database somewhere at United Nations HQ.

**November 2020 – What NO ONE is saying about lockdowns** – If you are advocating for lockdowns, you are complicit in tearing families apart. You are complicit in inflicting untold suffering on millions of people around the world. You are complicit in casting the poorest and most vulnerable in our societies into even further grinding poverty. You are complicit in murder.

Somehow “15 days to flatten the curve” has turned into a never-ending carte blanche for the biosecurity state to implement any number of draconian policies on its population, any number of policies on the checklist of the would-be dictator. Not only locking people inside their own homes, but constant surveillance of the population through the contact tracing and tracking apps that are increasingly being implemented around the globe, and, inevitably, the proposals for mandating the experimental vaccines which agents of the state will forcibly inject into people against their will.

This is not acceptable.

We cannot allow this to stand.

If we forsake *this*, our most basic right—the right to step foot outside of our own homes—then we forsake our humanity itself. An important part of what makes us human is being taken away from us in the name of stopping the spread of COVID-19.

### 2020 – 2025 - World Bank \$6 billion COVID Project

WORLD BANK COVID-19 STRATEGIC PREPAREDNESS AND RESPONSE PROGRAM AND PROPOSED 25 PROJECTS UNDER PHASE 1

USING THE MULTIPHASE PROGRAMMATIC APPROACH - WITH AN OVERALL FINANCING ENVELOPE OF UP TO US\$6.00 BILLION EQUIVALENT, OF WHICH UP TO \$4 BILLION FOR HEALTH FINANCING (UPTO US\$ 1,300 MILLION IDA AND UP TO US\$2.7 BILLION UNDER THE IBRD)

**Expected Project Closing Date: 31-Mar-2025**

Real time monitoring of behavioral change messages and other key interventions to prevent and control infection is needed to ensure they are achieving the intended results. Successful response to public health crisis requires communication with key groups on hygiene and control and these communication strategies require regular assessment to both determine their relative effectiveness and to inform any necessary course correction. Experience from the Avian Influenza Program suggests that assessing the impact of communications and public awareness activities is important to assess

**Pharmaceutical Interventions: Vaccines** - Measures would include the establishment/strengthening of command centers for efficient emergency response for multiple hazards, the strengthening of disease surveillance and INFORMATION SYSTEMS, increased laboratory capacity, improved infection and prevention control and case management, particularly to protect health workers.

Health care workers trained in critical skills involved in disease detection and response will improve the system’s effectiveness, while risk communication and behavioral change interventions, including social distancing measures, will contribute to slowing the spread of COVID-19 and other disease outbreaks.

### 2021 – Operation Moonshot, costing over 100 billion British pounds, proposed for mass PCR COVID testing in the UK

Operation Moonshot could potentially test millions of people per day. A person’s freedom will be restricted by a digital passport that

certifies their testing status. This would be a tremendous waste of money, create more unnecessary bio waste and would be a gross over-reach of the state and must be resisted by all means by any free-thinking individual.

The polymerase chain reaction (PCR) swab tests could do more harm than good to people, populations, and the economy

False positives become a problem when individuals and their contacts have to self-isolate unnecessarily. Even with a specificity of 99%, proposals to do 10 million tests a day will generate many thousands of false positive results, causing unnecessary but legally enforced isolation of both cases and contacts with potentially damaging consequences for the UK economy and for civil liberties.

I saw the uptake of video conferencing and remote doctor's appointments, but zero evidence of any justification for all the bullshit "Social Distancing" signs and X's on the floor and COVID screening etc. that sprang up around the hospital.

## The Biggest and Most Dangerous Lie Ever Told – COVID-19

All the plastic shields in shops and fear of dirty cash, X's on the floor showing where to stand, eliminating hand shaking for bumping elbows, changing cross walk signals to elbow bump symbols, putting dangerous hand sanitisers everywhere, masking, government warning signs, COVID-safe plans, COVID marshalls, endless looping of hand-washing and social distancing messages over the PA systems in shops, border closures, the lockdowns and stay at home orders, clapping and congratulating medical staff and essential workers etc. are unjustified and illegal social engineering techniques that target the weak-minded.

Mobile hospitals were set up around the world, that never saw a patient. I believe there were many empty wards like the one I worked on during this so-called 'pandemic', that in no way justifies what Dan Andrews or Boris Johnson or other dictatorial overlords are doing. I have seen nurses and doctors speak out eloquently against this corona scandal.

Many deaths of the elderly were due to putting sick people into nursing care homes and putting people on dangerous ventilators, for which hospitals got paid. The numbers have also been cooked by falsely ascribing deaths as COVID when they clearly weren't and the PCR tests produce a large number of false positives.

**And behind everything are large, wealthy powers such as the Bill & Melinda Gates Foundation, the Open Societies Foundation and the Rockefeller Brothers Foundation, amongst others, people who I would not trust as far as I could throw them.**

All this is MK ULTRA social engineering mind-control programming in process on a global scale. At least that's how it appears to me. What do you think?

In my opinion, I think Dr Reiner Fuellmich is correct – **this Corona Scandal is the biggest crime against humanity ever committed.**

### The BIG LIES of the 21st Century

**BIG LIE 1: September 11 2001**, Insider Trading Put Options, multiple witnesses of explosions, Global War on Terror, Weapons of Mass Destruction, First and only steel high rise tower in history, WTC 7, to collapse from office fires (not), Wars on Middle East, Millions Dead and Maimed, torture scandals, boys over 16 declared enemy combatants and shot, babies still being born deformed from depleted uranium

**BIG LIE 2: Global Financial Crisis (GFC)**, Bailing out the Too Big To Fail, Too Big To Jail Bankers, the biggest financial crime ever up until that time.

**BIG LIE 3: The Corona Scandal**, Corporate looting of over two trillion dollars from the Fed, Masking, Social Distancing, Closing Borders, Destroying Small Businesses, Discouraging Cash, Atomising Society, Locking Down the Entire World, Lucrative multi-billion dollar COVID Vaccines industry, Gates Foundation buys up enormous influence in media, global health, IT, AI, Security, Global Fascism – a Merger between the corporation and the state - arises and we are told we will now undergo The Great Reset – Reset of Global Health, Reset of Global Governance, Reset of Local Governance, Reset of the Table, Reset of the Economy, Reset of Nature, Reset of Money, Reset of Ourselves as mRNA vaccinated, digitally certified, Human 2.0 Eternal Slaves trapped in a digital prison of our own making, and Reset of the Select Few to become Eternal Gods presiding over the circus below?

Since hundreds of millions have obediently swallowed the first three colossal BIG LIES with remarkably little real pushback, remembering the Georgia Guidestones first guideline inscribed in stone to maintain humanity below 500,000,000, what will be **BIG LIE 4**, I wonder, and how destructive will it be?

I earnestly ask you: Please consider, because all of our futures depend upon what we collectively as humans do next.
