THE GREAT LIE IS BEING EXPOSED

As everyone knows and admits now, including the 'authorities', **the covid vaccine doesn't stop transmission or infection**. Everyone I know and probably everyone you know. who took the jabs, went on to get covid, but not long ago the unvaccinated were demonised and accused of 'being selfish' and calls were made to lock up the unvaccinated and deny them their basic human freedoms, even to punish them with fines and prison sentences and job losses.

Have you heard any apologies coming from these people? I doubt there will be any, but I'm satisfied that the truth is beginning to come out because more people are waking up and realising that they've been duped, lied to and manipulated to take an **mRNA gene therapy experimental drug**, which **has killed and injured millions**, according to the UK government's own data. As this realisation dawns, heads will roll. We're seeing some of the criminals trying to duck out and run away and hide before they can be called out and have to stand trial. People like **Fauci**, who announced his retirement and top **NHS executives** who are retiring in large numbers. It's because they were paid huge sums by the vaccine companies to take part in the operation and now, they're like rats running from a sinking ship. **Fauci** has been a lynchpin in the whole thing and

controls the money going to hospitals, medical schools and universities. As proven now, he lied to Congress about funding the gain of function research that created covid.

Bill Gates, his pal, **Tedros**, head of the WHO and his other pal, **Klaus Schwab**, head of the WEF aren't running because they think their money will protect them but that's where they're wrong. They tried 'Monkeypox' and that didn't take off, next it will be climate lockdowns and restrictions and of course, green taxes, then Gates has promised us 'Pandemic 2', but honestly, I don't think they'll get away with it. It's all beginning to unravel. It's true that millions are still asleep, but at the same time, the past two and a half years have wakened up millions more.

We stand as **individuals** yet **built together** under a **common, natural law**, which is shared by all, owned by none and which is **superior to any statute**. We each have a personal commitment, divinely inspired, to **do no harm**, to **cause no loss** to others, to **commit no fraud** and to **keep the peace.**”*
