

'SHORT BED - NARROW BLANKET!' - *cf: Isaiah 28:20*

It's becoming harder for the Crown to conceal its affairs...

When we put the Crown on NOTICE and serve that Notice, in writing, to both monarch and Crown agents, declaring that we are neither a **Company** nor a **CORPORATION**, but that we are a living wo/man, at that point our standing (*Latin = STATUS*) becomes protected.

We have then rebutted their **presumption of statute** which wants to treat us as being '*dead at sea*'. We have established this fact by our affidavit, a form of declaration, which protects both our living entity and our sovereign rights as holder of that life.

"But how do we establish these facts of nature to those who either do not grasp or will not accept this truth?" you may ask.

We do so by refuting their false presumption, that pretends we are a **PERSONA**, by pointing out to both doubters and deniers, all those Crown-sanctioned **STATUTES** and **LEGISLATION**, which they hold so precious.

Here are nine (9) in particular, which Crown agents have agreed internationally, but which their minions ignore almost every day.

- Religion or belief is protected in the British Isles in the **Human Rights Act 1998** (*HRA - came into use on October 2 2000*), one of their statutes incorporates the right to freedom of thought, conscience and religion as itemized in the European Convention on Human Rights https://en.wikipedia.org/wiki/Human_rights .

Common law - common humanity - common sense

- **Article 9 - HRA 1998** - *'everyone has the right to freedom of thought, conscience and religion, can change his/her religion, belief and freedom, either alone or in community with others, in public or in private, and manifest that belief in worship, teaching, practice and observance.'*
- **Article 14 - HRA 1998** - *'not to be discriminated against'* in connection with your human rights under the HRA. No-one may project these as being different simply because of who you are (*or who any third party may presume you to be*) to get commercial gain thereby.
- **The International Covenant on Civil and Political Rights** was ratified by a General Assembly resolution which came into effect on March 23 1976 by virtue of Article 49 of the HRA.
- **The NATO Atlantic Charter 1941** - *'...respect the right of all to choose the form of government under which they will live. They wish to see sovereign rights and self-government restored to those who have been deprived of them'*. (*by presuming that we are something which we are NOT - writer's comment*)
- **Equality Act 2010** - Section 1 - No authority may make presumptions and claim commercial gain thereby.
- All have basic rights against discrimination in respect of:
age, gender, marriage or civil partnership, pregnancy, disability, race, colour, religion / belief, sexual activity or sexual orientation.

Common law - common humanity - common sense

- There are also (*as we might expect*) several EU regulations about their civil status (EU 2016/1191)
- Notable 'persons' from the 'House of Lords' have spoken in support of 'equalities and human rights' to invited audiences within the Oxford University. One such speech was made on 29 September 2018. What a pity that this does not reflect the majority view in either chamber.

We have stated here our true belief: **we as free wo/men have nothing more to prove or defend**. It is down to the corrupt Crown agent system to evidence that their presumptions are factually correct.

We stand our ground, we remind them of THEIR statutes, which they and their predecessors created (*the above is merely a tiny extract of the many*) and which we now highlight - to protect our 'clean hands' position and to expose their lack of honesty.

"We are not a political party nor are we a religious cult; we are simply a group of living beings, flesh and blood, spiritually united in heart and soul. We stand as individuals yet built together under a common, natural law, which is shared by all, owned by none and which is superior to any statute. We each have a personal commitment, divinely inspired, to do no harm, to cause no loss to others, to commit no fraud and to keep the peace."

This is our manifesto

'Be without fear - even in the face of our enemies.

Be brave and upright that your god may love you.

Speak Truth always even if it leads to your death.

Safeguard the helpless and do no wrong'.

This is our Oath
