

**Suite 206, 6 Queen St. Huddersfield Yorkshire England [HD1 2SQ]**

*"We are not a political party nor are we a religious cult; we are living beings, flesh and blood, spiritually united in heart and soul. We stand as individuals yet built together under a common, natural law, which, shared by all, yet owned by none, stands prior and superior to any statute. We each have a personal commitment, divinely inspired, to do no harm, to cause no loss to others, committing no fraud and keeping the peace."* **This is our standing**

*'Be without fear - even in the face of our enemies*

*Be brave and upright that your god may love you*

*Speak Truth always even if it leads to your death*

*Safeguard the helpless and do no wrong' This is our oath*

The 'enemy' is becoming ever more controlling, and with the 'heads-up' information hinting that this year (2024) will see a global 'cyber' disturbance, we suggest we all set up a '*poste restante*' address in our towns and cities.

Those of us who are ready to step away completely from Crown corporate control will be able to get help here, and once having gotten free, can be working with us to find an 'admin hub' for each county in England - for starters.

If you feel you can work with us, please respond by **snail-mail** to the above address - and give us a postal address to contact you. We do use email and phone, but always be aware that, to quote Jerome Corsi (*qv on Wikipedia*):

*"every keystroke we make, be it on laptop, mobile phone or whatever, your data is constantly harvested to create a digital 'Doppelgänger' for each of us."*

We have extensive papers ready, showing clearly the way forward from

*'illegal Crown corporate entrapment under a maritime statutory legislation into lawful liberty under a natural, divine common law'.*
